One such intrigue revolves around Deagel.com, an obscure online entity known for its exhaustive data on military capabilities and eyebrow-raising depopulation forecasts for 2025.

We can reveal that recent findings appear to link Deagel directly to significant players on the world stage: The Central Intelligence Agency (CIA), the U.S. Department of Defense (DoD), and The Rockefeller Foundation.

And current real-world data on excess deaths in the West strongly suggest Deagel's depopulation forecast is not just an estimation but in fact, a target that is on track to be hit thanks to the deadly effects of Covid-19 vaccination.

The Man Behind Deagel:

We can confirm that Dr. Edwin A. Deagle Jr., who passed away on February 16th 2021, is the confirmed figurehead authorities would like you to believe is solely behind Deagel.com.

Author's Note

Dr. Edwin A. Deagle, Jr. is Director of International Relations, The Rockefeller Foundation, New York, and is responsible for program development in world energy, international economic affairs, regional conflicts and international security. A graduate of the U.S. Military Academy and the John F. Kennedy School of Government, Harvard University, Dr. Deagle has held a variety of program planning and budgeting positions in the United States Government.

November 01, 1993

The President announced today that he intends to nominate Edwin A. Deagle, Jr., to be Under Secretary of the Air Force and Clark G. Fiester to be Assistant Secretary of the Air Force for Acquisition.

"Edwin Deagle and Clark Fiester have each spent the better part of his life in watching out for our Nation's security. They are well prepared to continue that work at the Pentagon," said the President.

But the intrigue deepens.

[Declassified documents](#), released via Freedom of Information Act requests, reveal Deagle's communication with the then United States Director of Central Intelligence, Stansfield Turner, hinting at a relationship with the CIA.

One document, dated 1977, intriguingly refers to an event described as "the most significant in the intelligence field since 1947."

I have been following your adventures with great interest, and hope that the emerging arrangements meet your aspirations. From all appearances this may be the most significant event in the intelligence field since 1947.

Please let me know immediately if I can do anything here in the Foundation to be of help to you.

With warm regards.

Sincerely,

Edwin A. Deagle, Jr.
Deputy Director for
International Relations

August 31, 1977

Dear Stan:

I wanted to let you know that I have joined The Rockefeller Foundation as Deputy Director for International Relations. To give you a sense of the focus of the program, I am enclosing a copy of our new international relations program guidelines, approved by the Trustees on April 6, 1977.

As you will see, we hope to concentrate the Foundation's work toward international policy analysis in three main problem areas --world energy, world food and agriculture, and regional conflicts and security arrangements. We plan to bring together a variety of disciplines and viewpoints drawn from the private and public sectors within and outside the United States, and exploit the Foundation's flexibility in use of its resources. Thus far, I find the development of policy analysis in an international context extraordinarily difficult and challenging and the next few years promise substantial growth for me.

I have been following your adventures with great interest, and hope that the emerging arrangements meet your aspirations. From all appearances this may be the most significant event in the intelligence field since 1947.

Please let me know immediately if I can do anything here in the Foundation to be of help to you.

With warm regards.

Sincerely,

Edwin A. Deagle, Jr.

A full list of Deagel's original apocalyptic depopulation predictions can be viewed [here](#).

Regrettably, the unfolding events strongly suggest that Deagel's ominous depopulation estimates may not be merely speculative. Real-world data appear to align disconcertingly with these figures, primarily driven by the severe and deadly consequences of Covid-19 vaccination.

But the widespread distribution of these experimental vaccines, allowed under emergency use authorization, would not have been possible without the backdrop of the Covid-19 pandemic.

So the fact the U.S. Department of Defense (DoD) issued a 'COVID-19 Research' contract in Ukraine, three months prior to the official recognition of the Covid-19 virus, raises some seriously unsettling questions.

Especially when we consider the U.S. Department of Defense is now known to be intricately connected to Deagel.com, along with the CIA and The Rockefeller Foundation.

The U.S. DoD Factor:

INFORMATION

31 Dec 2019

WHO's Country Office in the People's Republic of China picked up a media statement by the Wuhan Municipal Health Commission from their website on cases of 'viral pneumonia' in Wuhan, People's Republic of China.

The Country Office notified the International Health Regulations (IHR) focal point in the WHO Western Pacific Regional Office about the Wuhan Municipal Health Commission media statement of the cases and provided a translation of it.

WHO's Epidemic Intelligence from Open Sources (EIOS) platform also picked up a media report on ProMED (a programme of the International Society for Infectious Diseases) about the same cluster of cases of "pneumonia of unknown cause", in Wuhan.

Several health authorities from around the world contacted WHO seeking additional information.

So with this being the official truth, why does United States Government data show that the U.S. Department of Defense (DoD) awarded a contract on the 12th November 2019 to Labyrinth Global Health INC. for 'COVID-19 Research', at least one month before the alleged emergence of the novel coronavirus, and three months before it was officially dubbed Covid-19?

The Government of the United States has a website called '[USA Spending](#)', an official open data source of federal spending information. According to the site as of 12th April 2021, the US Government has spent a mind-blowing \$3.63 trillion "in response to COVID-19". But that's not the only information on Covid that can be found on the site.

The federal government has spent \$3.63 trillion in response to COVID-19. ¹

Hidden within the 'Award Search' are details on a contract awarded by the Department of Defense

The 'Award History' for the contract contains a tab for 'Sub-Awards' detailing the recipients, action date, amount, and very brief description for 115 Sub-Award transactions. Most of the Sub-Awards are extremely mundane for things such as "laboratory equipment for Kyiv", or "office furniture for Kyiv".

Total Count of Sub-Award Transactions: 115 Total Amount of Sub-Awards: \$107.15 million Percent of Prime Award Obligated Amount: 136.9%

Sub-Award ID	Recipient Name	Action Date	Amount	Description
15-4187	IRVA-STAL, TOV	30/01/2019	\$248,353	LABORATORY FURNITURE FOR KYIV AND ODESA ILDS
15-4185	UMAPRAN ENERGY CONSULTING GROUP, TOV	09/03/2019	\$81,000	TESTING OF EQUIPMENT IN LABS
15-4184	BIOMEX LAB, LLC	06/15/2019	\$43,700	UP-SCALE LABORATORY SUPPLIES
15-4180	SKOUTREVEL HOLDING LTD, TOV	06/12/2019	\$174,061	TORQUE
15-4177	ACT UMANNA LTD, TOV	01/16/2019	\$37,800	LABORATORY EQUIPMENT FOR KYIV AND ODESA ILDS
15-4176	BIOLABTEKH LTD, TOV	01/05/2019	\$595,480	LABORATORY EQUIPMENT FOR KYIV AND ODESA ILDS
15-4174	UNILAB, TOV	01/09/2019	\$271,480	LABORATORY EQUIPMENT FOR KYIV AND ODESA ILDS
15-4174	UNILAB, TOV	01/05/2019	\$278,045	LAB EQUIPMENT AND SUPPLIES FOR KYIV AND ODESA ILDS
15-4173	SMART EFFENS, TOV	01/09/2019	\$872,755	LABORATORY EQUIPMENT FOR KYIV AND ODESA ILDS
15-4172	AKTSIONERNA STROKHONNA KOMPANYI UNO UMANNA, ZHYTTVA, AT	05/06/2019	\$77,200	HEALTH INSURANCE

But there is one Sub-Award that stands out among the rest, and it was awarded to Labyrinth Global Health INC for "SME Manuscript Documentation and COVID-19 Research".

An award for Covid-19 research isn't exactly shocking when the world is allegedly in the grip of a Covid-19 pandemic, but considering the fact the sub-contract was awarded on 12th November 2019, at least one month before the alleged emergence of the novel coronavirus, and three months before it was officially dubbed Covid-19, the award for Covid-19 research should come as a shock to everyone.

Recipient Name	Action Date	Amount	Description
ARKHITEKTURNO-BUDIVELNA GRUPA PALATIUM, TOV	10/22/2019	\$75,235	OFFICE FURNITURE FOR KYIV AND ODESA ILDS
LABYRINTH GLOBAL HEALTH INC	11/12/2019	\$369,511	SME MANUSCRIPT DOCUMENTATION AND COVID 19 RESEARCH
LABYRINTH GLOBAL HEALTH INC	11/12/2019	\$50,000	TASK ORDER 1
BIOSAFE ENGINEERING, LLC	11/26/2019	\$795,995	TISSUE DIGESTERS FOR KYIV AND ODESA ILDS

Source

But the shock doesn't end there, because the place the contact for Covid-19 research was instructed to take place was Ukraine, the very country that the U.S. Military Industrial Complex is currently using to fight a proxy war against Russia.
